# How to Play Alien Shooter

- When you run the application, the sign in form will be the first page that you will be seeing.

The Sign In Form

- If you do not have any account to play the game, click on "Sign Up" button. You will be directed to The Sign Up Form.
- If you already have an account, enter your username and password and click on "Sign In" button. Then you will be direct to the Main Menu.
- If you would like to quit the game, click on "Quit" button.

The Sign Up Form

- To get an account, you need to fill the all text and password fields. It does not matter what you type in "E-mail" field. I just put it to make the form more like a sign up form.
- After you get an account, you will be directed to the Sign In Form. Enter your username and password and click on "Sign In" button. The Main Menu will show up.

Main Menu

- There are four button in the main menu, "Start Game", "Leaderboards", "Sign Out" and "Quit".
- If you would like to start to play the game, click on "Start Game".
- If you would like to see the weekly and all the time leaderboards, click on "Leaderboards" button. You will be directed to the Leaderboards page.
- If you would like to sign out and sign in with a different account, click on "Sign Out" button. You will be directed to the Sign In Form.
- If you would like to quit the game, just click on "Quit" button.
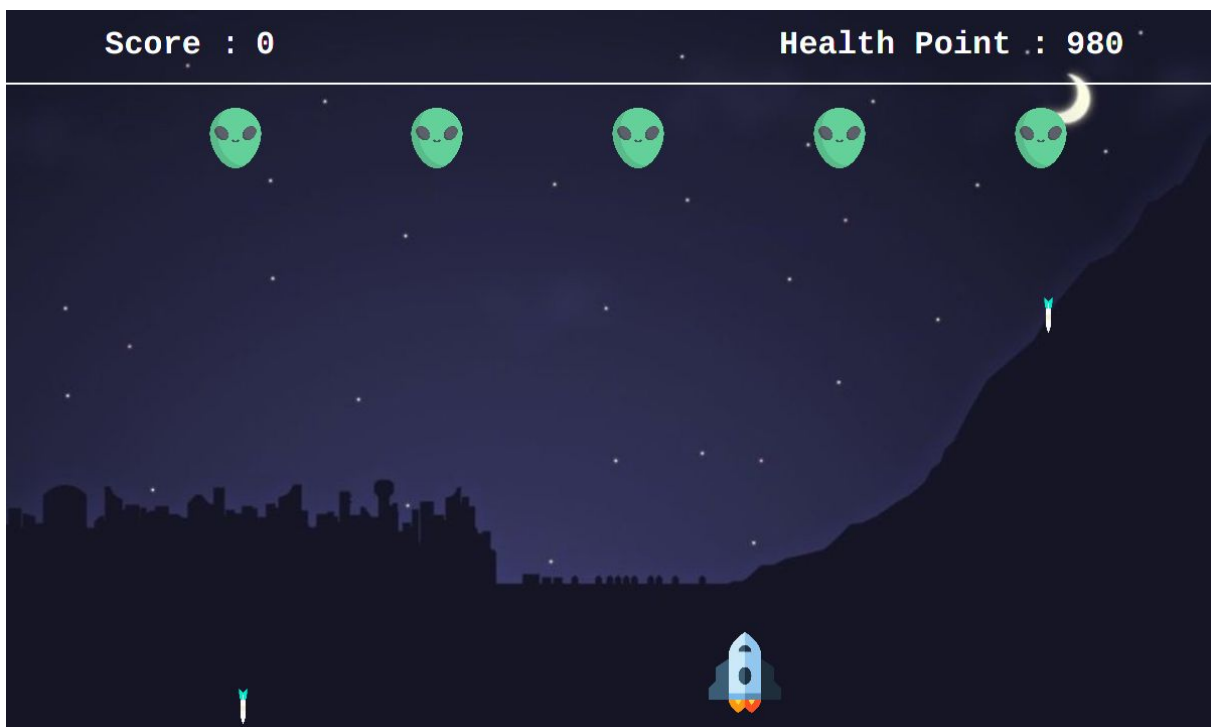

Leaderboards

- This page is just to show the weekly and all the time leaderboards.
- There is only one button in the page. When you click on "Go Back" button, you will be directed to the Main Menu.
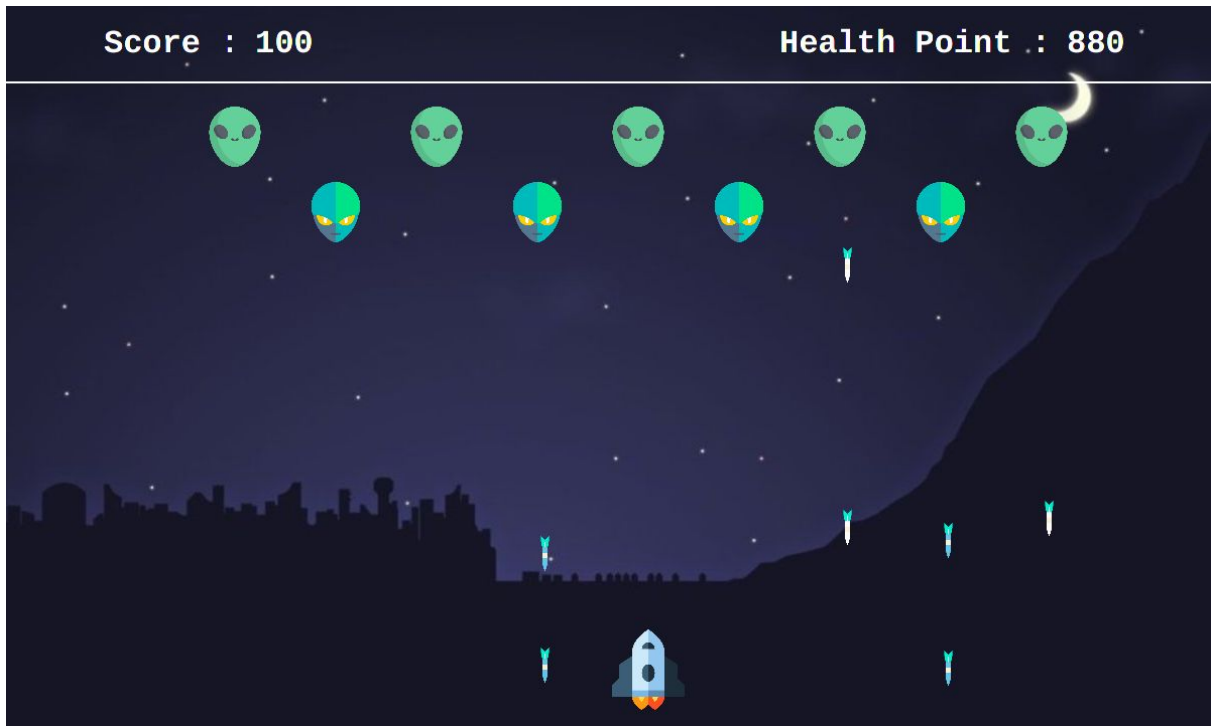

Game

- When the game starts, you can move the player by using Right and Left button on the keyboard. The player only move on x axis.
- If you want to shoot, press "Space" on the keyboard.
- There is a Score and Health Point up of the page. They are updated whenever there is a collision.
- If the player get so much damage and gets killed, the game is over. You will be directed to the Game Over page.

Level 1

- There are 5 easy enemies to kill in this level. They will be killed with only one shot.
- After all is dead, you will be directed to Level 2.

Level 2

- There are 5 easy and 4 medium enemies. While easy ones can get killed with one shot, medium ones are slightly more difficult to be killed.
- After all is done, you will be directed to Level 3.

Level 3

- There are 5 easy, 4 medium and 3 hard enemies. Hard ones are kind of hard to get killed, you should shoot them many times .
- After all is dead and if you are alive, you will be directed to Game Over page.

Game Over

- After the game is over either dying or finishing the game, you are in this page.
- This page shows the score collected during the game. Score is the sum of the score collected in the game and the health point left.
- There are 3 buttons in this page, "Main Menu", "New Game" and "Quit".
- If you would like to go to the Main Menu, click on "Main Menu" button.
- If you would like to start a new game, click on "New Game" button.
- If you would like to quit the game, just click on "Quit" button.
